## TRIPLE MURDERER WILL PUT UP PLEA OF INSANITY

Man Accused Of Three Murders Said To Have Confessed On Way Back From California, Where He Was Caught.

[SPECIAL TO THE GAZETTE.]

Goshen, N. Y., Oct. 19.—The trial of Charles Henry Rogers for murder will begin here Monday. Rogers is charged with having murdered Fred R. Olney, Willis C. Olney, and Alice Ingerick at a farm near Middletown on Oct. 5, 1906. After a search of a year and a half Pinkerton detectives found Rogers in Los Angeles and he was arrested April 9 last. During the trip across the continent Rogers is said to have confessed the crime in all details to Sheriff A. L. Decker. Fred Olney and his brother, Willis, were old and respected farmers. Mrs. Ingerick was their housekeeper. On the morning of the murders Fred Olney took the oldest daughter of Mrs. Ingerick to Piquette's Corners. He left the girl with a friend to come home in the afternoon. She returned with the friend and found the house locked. Becoming frightened she went to the home of a neighbor, Dan Davis. Davis broke into the house, and at the foot of the stairs found the young Ingerick girl, 9 years old, with her skull crushed. Davis summoned the Middletown police by telephone. The police arrived and examined the premises. In Willis Olney's room they found a leather trunk opened and the money and valuables gone. In the cellar was found a length of gas pipe wrapped in a bloody newspaper. In a stall in the barn Mrs. Ingerick was found moaning under a pile of hay. She had evidently been hit over the head with the piece of gas pipe. It was not until late next morning that the bodies of the Olney brothers were found. The backing of a pet dog in a clump of bushes near the house led the official to the spot. Fred Olney had four bullet holes in his body and Willis two.

Rogers was not suspected of the brutal murders at first. He is said to have been friendly with Mrs. Ingerick, who, after the assault, flung her two lives and death for days. When she recovered in a measure she professed to have no recollection of the crime and disclaimed all knowledge regarding the identity of the murderer. Soon after the murders Rogers disappeared from Middletown and it was then that suspicion was turned toward him. It is thought that he heard that the Olney brothers had in their possession \$5,000 cash and some valuables. The Pinkertons searched in vain for some trace of Rogers until Jan. 27 last, when a clue was afforded by letters he wrote to persons in Middletown. They found he had been working as a porter in a hotel at Madera, Cal., under the name of Charles H. Carpenter. Detectives were at once sent to Madera to arrest him, but when they got there Rogers had quit his job and departed. The proprietor of the hotel, however, identified a picture, and from the description given declared that Carpenter was Rogers, the man they sought. The detectives became sure the fugitive was hidden in Los Angeles. Believing that the man would call in time at the general delivery of the postoffice, and wishing to make the identification complete a letter was sent from Middletown, N. Y., addressed to Charles H. Carpenter. Rogers was arrested while receiving the decoy letter. His alleged confession is said to have since been completely substantiated. His defense will be insanity. He was in an emaciated condition when placed in jail several months ago, but has since greatly improved in health, having gained at least fifty pounds in weight.

Drunkards and loafers totaling fourteen taxed the capacity of the city lock-up last evening. Nine appeared in municipal court this noon and eight of this quota entered pleas of guilty. ## THE ROUNDUP COLUMN.

Willis West Discourses on Football, Fairest Flower of the Year.

I dearly love to read the football news from the various big colleges as it appears in the newspapers. The articles are written in many cases by players and coaches, and they are chiefly remarkable for what they don't tell about conditions that actually exist. For instance, in order to meet public approval the team directors know that they must allude to the great openness of the game as practiced at the various colleges. So while the coaches are warning out their

WHAT THE WASHINGTON BOY CAUGHT

think world's developments of forming legitimate mass plays under the new rules they cause to be sent to the newspapers through the thrifty scribbles such dispatches as the following:

"Rale college team enthusiastic over open formations. They consider mass plays a relic of barbarous ages."

"Quinceston eleven disapproves of heavy men. Only light, little fellows who can hop, skip and jump wanted. Three players who weighed over 150 pounds have been banished from the college."

The humble populace and timid parents of players read these dispatches and praise the saints because the game is evidenced by noble men who would be torn asunder by anguish if anybody's little cherub were to be mussed-up.

Jeremiah Sullivan, father of the two famous fighting twins, is a typical son of the old school. At his home in Cambridge, Mass., near by the former abodes of Henry W. Longfellow and James Russell Lowell, two great American poets, the old gentleman said: "Both of me boys are champions, but I wish they'd give up this 'frightful' business and stay at home. I want them to drive two of me thrice."

Thirty-two years ago Jeremiah Sullivan landed in Boston from Killybeg, Ireland. He didn't have much money, but he had a good head and two willing hands. He settled in Cambridge, Mass., sacred to Harvard and literature, and went to work. Now what has he?

Two of the first fighters of the world in his family, three fine looking daughters, five other promising children, twenty teams and wagons and an account that makes the bank president his friend.

"Docheus us," whispered Sullivan, the father, "Mike says that the only man that ever knocked him out was Joe Gans. Mike is a flor. While he was seven years old he went over into Henry W. Longfellow's yard across the street. He was cutting up some daisies when the poet started for him. Little Mike was knocked out. So Mike has the honor of being batted a poet as well as a pugilist."

FOOTBALL IS ITS OWN REWARD.

First American league baseball, according to one stranger at Columbia park, Philadelphia, was crooked, next it was manipulated, and now it is honest this season. A man who can break ground like that is needed on the Pan-ama-ditch.

There's many a man who will buy a dozen lemons to throw at the umpire who wouldn't buy you a lemonade if your tongue was out a yard.

Jimmy Britt has a mind for the ridiculous. He wants to fight Joe Gans again.

The charity that begins at home is generally too weak to travel.

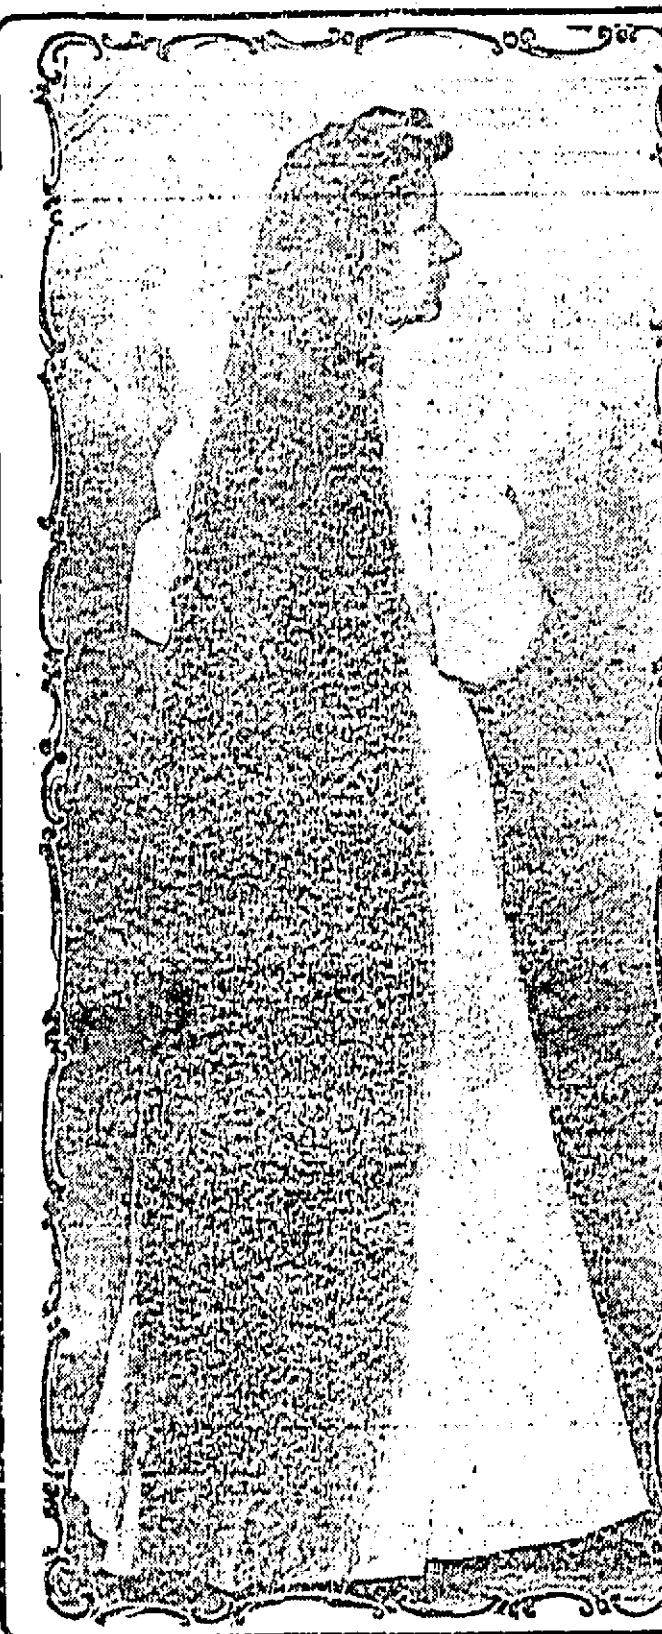

Misery loves company and generally manages to get it.

Think twice before you speak, and then don't speak.

## Newbro's Herpicide

Here is Miss Woodruff's letter: "Newbro's Herpicide is a delightful hair dressing and I find by its continued use that my hair is growing longer and thicker than ever before."

—(Signed) Bessie Woodruff.

A Milwaukee lady recommends Herpicide to her friends: "My baby has had dandruff since babyhood, and your Herpicide has removed it all and her head is as clean as can be. I also had dandruff and a very itching scalp which I do not have any more. I recommend it to all my friends."

—(Signed) Mrs. Young.

It is so easy to learn, by actual experience, the value of Newbro's Herpicide, for dandruff, falling hair, itching scalp, etc., that no one in need of it should delay one moment in making the test.

A single application is enough to convey the impression of its worth, while the results of its continued intelligent use will speak for themselves.

Newbro's Herpicide is known as the ORIGINAL remedy that "kills the dandruff germ," and its success, which is constantly increasing, has been phenomenal. ## Chance for Ostrich Farmers.

It is stated that there are millions of acres of land in India and large regions in our own southwest, that are as well suited to ostrich farming as South Africa. The present demand for the best feathers exceeds the supply.

## Just as Profitable to Public.

A dog has succeeded in swimming across the English channel. Some disappointment may be felt that it was not a man that did it. But the benefits to accrue to the world from the fact will be just as great in the case of the dog as the man.

## Building Had Many Uses.

An old brick laboratory in Middletown, Conn., which was torn down recently, has been put to many uses since its erection in 1825. Originally it was a gunhouse, but it has since been used as a hospital, an eating house, a carpenter-shop, an leichouse and an electrical laboratory.

## Sleep And Rest

Every movement of the body consumes energy. So does mental effort. Energy is supplied by the nerves. It follows that physical or mental exhaustion simply means an over-draft on the nerves. Nature restores energy through rest and sleep. You cannot sleep with tired nerves. Dr. Miles' Nervine soothes the irritation and restores nervous energy.

"Although I have lived nearly 71 years, I have stood up against testimonials for publication, but the unqualified excellence of Dr. Miles' Restorative Nervine, as a medicine for inherent nervousness, interrelated by long residence in a high altitude compelled me to recognize its superiority over every other medicine I have ever used for nervousness and sleeplessness. I feel sure that the Nervine is free from injurious qualities found in most medicines for insomnia, and can conscientiously recommend it to the tired and nervous."—MRS. W. H. ## Compulsory Education Ruling.

Springfield, Ill., Oct. 19.—The term "employment" as used in the compulsory education act was defined Friday by Attorney General Stoddard in an opinion rendered to Chief State Factory Inspector Edgar T. Davis, in which the attorney general holds that under the compulsory education law children between the ages of 14 and 16 years, if necessarily and in good faith employed, cannot be compelled by the superintendent of public instruction to return to school, nor can he refuse an age and school certificate, in cases where the law in all other respects has been complied with, to a child between those ages on the sole ground that the superintendent is of the opinion that the child will not be necessarily and in good faith employed.

## Unsight Unseen Range Buying

Is risky and very unsatisfactory business. The cut may look large and fine, the price of course is cheap, but when the range arrives, it is cheap. It simply had to be made of the cheapest, poorest material by cheap, unskilled labor, in the cheapest way to get the cheap price that catches the eye, and then the glowing, high sounding claims made for it are positively a reflection upon the integrity of the house that put them forth. "Something for nothing"—you don't get it and never will, particularly in steel range buying. You ought

to see the range you buy; examine it; look at the material—the workmanship in fitting and mounting—compare the cheap and the good, which one is going to take little fuel and wear and last for years to come, not the cheap one, bless you, no, that was made to sell at a price, price only was meant to catch the buyer—not quality. Not a single good thing about it but what was cut out to get the cheap price. Really there is nothing in it, not when you can come here to our store and see the dependable ROUND OAK Chief steel range—a range of the highest quality at a reasonable price. Ask or write for the book of the Chief steel range. We will promptly supply it free.

## His Courtship

By Helen R. Martin

Author of "Tillie: A Mennonite Maid."

Illustrated by Berneker

"Enjoyed it more than any novel I have read in five years."

This is a New York newspaper man's verdict of "HIS COURTSHIP." It will be yours when you have read the story which will be published

## IN THIS PAPER

It is a most delightful love story. The college professor who taught philosophy and imagined himself immune from the attacks of Cupid learns there are more things in heaven and earth than he had dreamed of in his philosophy when he meets the mysterious maiden on the Morningstar farm. The scene is laid in the country. The story smells of the sweet fields—the freshly plowed ground, the wild rose, the new-mown hay.

"It is rarely that one comes across a book so warm, so tender, so personal in its indefinable quality of human sympathy and comprehension."—Buffalo Courier.

"... Deliciously and variously humorous throughout. In a word, 'His Courtship' is one of the most thoroughly enjoyable novels of the season."—Newark News.

SOCIETY READY  
FOR THE WINTER

CLUBS REORGANIZE PREPARING FOR PLEASANT GATHERINGS.

## GOLF PARTY TUESDAY NEXT

Bridge Whist Still in Favor—Lunch, Dances and Musicals Planned.

As the autumn season approaches society is preparing for its campaign. Card clubs are being reorganized, afternoon teas planned, dances projected and winter amusements discussed. History clubs have their work the coming season, musical organizations arranging for concerts and recitals and club women generally are ready to take where it is dropped last spring. One last party is to be held at the golf links on Tuesday next and then the golfers will "go" in the series of six parties to be given during the winter. This afternoon the Ladies History Club is meeting with Mrs. J. L. Ford to reorganize for the winter work and next week Mrs. H. W. McNamara entertains the younger ladies history organization.

The Apollo Club has already had two of its concerts and a third one is to be held on Monday evening in Library Hall. The daughters of the American Revolution have their work for the coming year well in hand and next week the members of the different Women's Clubs of the city will go to Beloit to attend the state gathering of Women's Clubs.

Bridges which appears to have lost none of its favor during the summer months, in fact there has been no ending in the card games despite hot weather. The Golf Club has been a favorite resort for the devotees of the game and many a spirited contest has been held there this past summer. Now the playing takes a more definite form and the weekly clubs with occasional games thrown in will attract many ladies.

Roller skating has begun but not in the aggravated form of last year when ladies spent their afternoons at the rink, even having afternoon tea served there between times. The Thursday evening parties however are to be held in a more moderate way and to be held shortly and this will add zest to the sport that gives exercise to many who otherwise would lack it.

It is probable that the Ladies Club will have parties this winter owing to the fact the Golf Club has entered the field and prompted six of the clubs starting Nov. 12, five parties to be held. Several private dances and receptions are already scheduled, halls having been engaged long in advance to prevent any misarrangement of plans. Orchestra leaders report that the coming winter promises to be a busy one and many requests for time have already been received.

On Tuesday next, the 22nd, comes the Harvest Supper and dance at the Shubalpski Golf club house. The supper itself promises to be a marvel in itself and will be furnished by the ladies. The club house is to be festively decorated with autumn leaves and fall foliage and lighted by Jack-o'-lanterns. Every member of the Golf and Country club are expected to be present and enter into the spirit of the frolic. Roy Carter will furnish the music for the dancing which will follow the supper and as it is the closing event of the season and after "this day" will be made to make the party a suitable climax for the series of pleasant parties given under the auspices of the house committee during the past summer. The supper is to cost 35 cents and the members are requested to notify some member of the house committee before Tuesday noon so that places may be set for all.

This afternoon the Women's History Club meets at the residence of Mrs. J. L. Ford the retiring president for its annual meeting and election of officers. Professor Robert K. Richardson, of Beloit College, who was leader last year will again fill that position this year. Tea will be served at six o'clock, unique place cards for which have been prepared by Mrs. Fred Pollock, of Long Beach California, who was formerly a resident of Janesville. Aside from the election of officers the work for the year was mapped out.

Mr. and Mrs. M. Murphy went to Milwaukee this morning to visit their daughter, Miss Marie Murphy, who is attending Our Lady of Mercy academy.

Mr. and Mrs. M. H. Jeffers departed today on an extended tour of the east, their trip to include a visit with their daughter who is attending a school near Boston.

James W. Louden departed this morning for Shropshire, La., where he will spend the winter. He has been here on a visit to M. V. Louden, his brother.

Mr. and Mrs. W. G. Wheeler were guests of Mr. and Mrs. Holden Parker at an entertainment given in Beloit Friday evening.

Members of one of the ladies' euchre clubs are guests of Mrs. C. S. Jackson at her home on East street this afternoon.

Mrs. Ottomano departed this morning for New York after a visit at the home of A. A. Pinke, 16 Milton avenue.

Mr. and Mrs. Wm. Bladen and Mrs. W. P. Palmer went into Milwaukee today and will return with Mr. Palmer's automobile.

Mrs. Mary Lappin was hostess to the members of one of the ladies' whist clubs yesterday afternoon.

## OBITUARY.

Mark Collins.  
At ten o'clock this morning the funeral of the late Mark Collins was held from the St. Patrick's church. The remains were brought here last evening from Chicago where he died Thursday afternoon. Messrs. Sherman and Lissol, employees in the mail service, and Mrs. Morris Leahy, sister of the deceased, accompanied the remains here. The Rev. J. J. McElhinney officiated at the funeral. The pall bearers were D. W. Hayes, Thos. Burns, Fred Wilbur, John Drew, and Messrs. Sherman and Lissol, of Chicago. Interment was made in Mt. Olivet cemetery.

Edward D. Callahan.  
(From the Evening World, Omaha.)  
It was thought Sunday that the last service had been held in old St. Patrick's cathedral. But yielding to the wish of the late Edward D. Callahan and of his family the funeral of Mr. Callahan, who died Monday, will be held from the cathedral at 9 o'clock Thursday morning. Temporary arrangements being made to supply such furniture as may have been removed in process of vacating the cathedral.

Mr. Callahan, who was a pioneer of Omaha and the west, passed away from old age. He was born in Ireland eighty-six years ago, and when a young man came to this country. As early as 1851 he settled in Omaha with the first of the pioneers, and since then has become identified with the building of the west. First he engaged in a lumber in the Rockies, and afterward as a railroad builder and contractor. Mr. Callahan leaves one child, Edward J. Callahan, and one brother, James Callahan of Omaha and two sisters, Mrs. Wilbur of Janesville, Wis., and Mrs. O'Connor of Omaha. The funeral will take place from the residence, 1112 Jackson street at 8:30 a. m. to the cathedral. Interment at St. Mary's cemetery.

ALDERMAN J. J. DULIN  
GOES HUNTING AND BAGS  
ALL THE GAME IN SIGHT

Returned From Lake Koshkonong Last Evening Loaded Down With Coats, Rabbits, Squirrels, and Ducks.

Alderman J. J. Dulin who had not handled a firearm since his boyhood days with the old muzzle-loader, fired forth to Lake Koshkonong yesterday with a modern repeating shotgun and cartridges loaded with the nitro-fused in powder and chilled shot. His brother, Conductor Daniel Dulin, and George Croft went along, but those veteran sportsmen were not in it with the new recruit who, after an experimental chase which resulted in a stray blackbird into "Guthrie and flight," proceeded to make a wholesale killing of rabbits, coots, rice hens, squirrels, and mallards, which he grouped under the burden of his game-bag. The enjoyment of the day was marred by but one untoward incident. In the heat of the chase, the City Father was careless enough to leave one of his boots in a swamp and thereafter the absence of it gave him some little discomfort.

## New Double Store Opens.

An event of more than passing interest in the retail opening Monday morning, at 9 o'clock, of the new double store of P. J. Hinterscheldt at 1214-122 West Milwaukee street. This store adjoining Mr. Hinterscheldt's original store has been entirely remodeled and refurnished and the wall between the two stores removed, making one complete, commodious double store. The new establishment is one of the largest notion stores in Southern Wisconsin and the opening at 9 o'clock Monday morning will be an enjoyable event. Late arrivals in the way of new stock make it necessary to set the opening hour at nine. There will be an all day concert in the music department where all the popular hits will be played and sung. The stock of 10 cent goods has been arranged at one side of the big store. A noticeable feature is the fact that Mr. Hinterscheldt himself imports many of the articles in his stock. Goods are bought direct from France, Germany, England, China and Japan. The public is invited to the opening.

NEITHER SCORE  
IN FIRST PART

GAME AT ATHLETIC PARK IS A CLOSE ONE.

## BELOIT VS. JANESVILLE

First Half Shows That Some Football Is Being Played by Local Team.

Down at Athletic Park this afternoon the High School football team and the team from the Beloit high school are contesting for gladiatorial honors. Both teams are evenly matched as to weight and speed and both have been defeated by Evansville. A large gallery is enthusiastic in their approval of good plays and both teams are showing their coaching has not been in vain.

Janesville is playing with a grim determination to wipe out the defeat of last Saturday by Evansville and has improved steadily in the past week under the coaching of Hamner. The Evansville players paid a tribute to the local players' game-play in last Saturday's game, giving Roy Church, the tackle, credit for good work, commending the work of the line, but criticizing Dietrich's work at center. The back field came in for comment as being slow, especially at quarter. In today's game many faults apparent last week have been overcome and the play shows much progress.

Last Saturday Beloit played Monroe to a tie, neither side scoring, and have been hard at work all week practicing with the Beloit College Academy team, which Janesville defeated early in the season. Both teams average one hundred and fifty pounds. Janesville lined up as follows:

R. E. McElhinney,  
R. T. Church,  
R. G. Kennedy,  
C. J. Dietrich,  
L. G. Woodworth,  
L. T. Atwood,  
L. E. Wright,  
Quarter—Nuzum,  
R. H. Horley,  
P. R. Tippet,  
Beloit lined up as follows:  
R. E. Wolf,  
R. T. Garrity,  
R. G. Pike,  
C. Martin,  
L. G. Von Hesse and Mario,  
L. T. Sweeney,  
L. E. Hinkley,  
Q. R. McComber,  
R. H. Goodwin,  
L. H. Hertz,  
P. R. Holmes,  
Umpire—Robinson, Beloit.  
Referee—Vlymen, Janesville.  
At the end of the first half neither side had scored. The play was very fast and the tackling and team work of both teams was excellent.

LAWSUIT AGAINST  
THE WESTERN UNION

George Phillips Wants to Recover for Failure to Deliver at Caledonia Message Calling for 50 Gallons of Cream.

Is ice-cream a necessity? If not, is George M. Phillips, the West Milwaukee street confectioner, entitled to damages from the Western Union Telegraph Co. for failure to deliver within an hour after the morning of Saturday, July 6, to William Peterson, who runs the creamery at Caledonia, directing him to send 50 gallons of cream on a train leaving about 10 a. m. and the resulting liability of the plaintiff to supply the Sunday wholesale and retail trade? The loss was not all on the Sunday business, as large orders which were to have been filled on the said Saturday are alleged to have been cancelled. The Sunday phase of the question is only one of the points at issue in the rather unusual action which Atty. Marshall P. Richardson is prosecuting and Atty. M. C. Mount and Louis Avery are defending before a jury composed of Edward Schmiedley, Bert L. Watt, Ross Merrill, Patrick Smith, George Miller, and Al Hill, in municipal court today.

The trial was commenced yesterday afternoon before Judge Reeder and continued this morning. It was brought out by the plaintiff that the 50 gallons of cream, which did not arrive at the time stipulated, would in combination with 70 pounds of sugar, 50 ounces of gelatine, and 20 cents worth of flavoring extract, have been converted into 100 gallons of the frozen confection. The total cost would have been \$36.50, while at the lowest contract price he would have received 75 cents a gallon and selling it at the retail price of 75 cents a gallon, the loss would be \$26.75. Atty. Richardson sought to introduce evidence showing the loss in Sunday trade incurred but Atty. Mount ruled the issue that whatever the plaintiff may have wanted to sell on that Sabbath would have been in contravention to the statutes which prohibit all works save those of necessity and charity on that day. "Oh, well, the man who wants to avoid a just debt might resort to such a subterfuge," announced Atty. Richardson. "Do it," shouted Atty. Mount. "It's a villainous claim!" Judge Reeder held that ice cream would have to fare the same as whiskey or beer on Sunday—that any possible transactions in it on that day would be void. Atty. Richardson was not permitted to introduce evidence to show the extent to which Mr. Phillips had suffered in losing customers permanently by reason of the failure to fill orders on this occasion.

The defense claims that the telegram had to be sent via Chicago and that the wires in Illinois, Wisconsin, and Iowa were down by reason of a storm on the previous evening. The plaintiff avers that the local operator told him that he could and would get the message through promptly before he paid the toll. The message in question was delivered at 1:10 in the afternoon.

## CAUTION

We warn the man or woman who has a comfortable account in the bank against drawing that money for questionable investment enterprises. The majority of people are not able to judge every offer of promoters. When you buy stocks or other securities from a stranger you are running a risk and besides you are paying a price that means good profit to the seller. Good bargains don't go begging.

On the other hand, your money in a sound bank is absolutely safe, draws a stated and reasonable amount of interest, and you may add small or large sums from time to time or withdraw any part when over cautious.

Our facilities for your convenience and service are excellent, and we are glad to be of any assistance at any time by way of consultation and advice.

EDGERTON COUNCIL  
TO BE ON CARPET

Old Writ Was Quashed but New One Was Issued Today and Will Be Returnable in a Fortnight.

Members of the Edgerton city council will have to appear in circuit court week after next to explain their alleged irregular proceeding in granting a saloon license to George Lynde, at what was claimed to have been a special and secret meeting. The proceeding was brought by M. B. Fletcher with a writ of certiorari returnable in ten days without the necessary order of the court. The law requires that it be made returnable on the opening day of the circuit court term or on some day fixed by the court. For this reason the writ was quashed by Judge Gilman on Tuesday of this week. But the action was today started over again in accordance with proper legal methods and a date about two weeks hence fixed for the threatening out of the matter.

Night Watchman A. McDermid who keeps guard for the C. & N. W. Ry. Co. at the Eastern avenue crossing and inspects the bridge after the passage of each train, visited the police station this morning and narrated to City Marshal Appleby the details of several recent encounters with hoboes. Night before last one of them started to walk off with his fur overcoat and showed fight when he overtook. When Mr. McDermid was forced to tell him with a convenient, please no handle. On another occasion a bold highwayman took his dinner away from him. He has lost one limb and on account of this disability is asked for permission to carry a revolver. "Get one of the largest calibre—nothing smaller than a .45," said Chief Appleby with enthusiasm. "The Northwestern is shipping in some of the worst offenders of Chicago we have had here for many years."

CLINTON JAIL HAS  
BEEN OVERHAULED  
Village Lockup Again Put In Con-  
dition—Capacity Has Been  
Taxed at Times.

Clinton, Wis., Oct. 18.—Extensive  
repairs on the jail have recently been  
made. Of late it has been necessary  
to put two prisoners in a cell at times  
when the capacity of the lockup was  
taxed. For the past two years, during  
no-litigation, the jail had been allowed  
to run down, it being claimed that the  
absence of the saloon was cause for it  
being in little demand.  
The Clinton Herald will be publish-  
ed again, it is thought, for it is  
Cheever, the owner, declares he has  
about consummated a deal with a  
prominent young businessman to pub-  
lish the paper.  
Mrs. Peter Hanson and child of Bel-  
oit and Mrs. W. R. Cheney and two  
daughters of same place are visiting  
at the home of L. L. Olds, this week.  
Mr. and Mrs. G. L. Hanson returned  
Monday from a four weeks' trip to  
Mr. Hanson's old home near Portland,  
Maine. They report a very enjoyable  
trip and Mr. Hanson returns more  
than ever convinced that there is no  
place quite as good as southern Wis-  
consin to live in.  
The four lectures given this week  
by Rev. Clyde McGee are being very  
largely attended and are very interest-  
ing and instructive.  
Miss Frances Woodard left yester-  
day morning for Pasadena, Calif., to  
spend the winter with her uncle, Wil-  
liam Hartshorn, and family.  
The funeral of Arthur Loomis, who  
died Saturday night, took place Tues-  
day afternoon at 2 o'clock. Rev. Clyde  
McGee officiated, assisted by Rev.  
Collins of the M. E. church.  
Dr. W. O. Thomas was called to  
Watworth county Wednesday after-  
noon in consultation with Dr. Mc-  
Guire of Sharon at the bedside of  
Mrs. Beul Cline, who is in a critical  
condition from a complication of dis-  
eases with recovery very doubtful.  
Miss Edna Woolston and a young  
lady classmate were home from Mil-  
waukee over Saturday and Sunday,  
returning to their studies Monday morn-  
ing on the early train.  
Jay Green had a very narrow escape  
from a runaway Sunday night. He  
and his lady friend were returning  
from a party in the country. As  
they came to the home of the young  
lady and he was assisting her out of  
the buggy the horse started up sud-  
denly at a familiar sound and started  
to run. Mr. Green caught the back  
of the buggy and managed to crawl  
into it from the back and securing the  
lines stopped the horse, which by  
this time was going at a good run.

The store was tastefully and appropri-  
ately decorated with palms, ferns  
and brilliant hued autumn leaves. The  
Evanston band of thirty-five pieces  
furnished excellent music throughout  
the afternoon and evening and won  
for themselves many expressions of  
praise and appreciation. The immense  
store was thronged from early morn-  
ing until late at night and the re-  
ceipts for the day were \$8,471. The  
clock and fur sales alone amounted to

partment were unusually large, 15,000  
pounds of sugar and 1,735 pounds of

LAW-FIRM OF NOLAN,  
ADAMS AND REEDER  
Will Have Offices Both in Janesville  
and Beloit—Something  
About the Members.

There has been formed in Rock  
county a new law partnership con-  
sisting of Thos. S. Nolan, Harry W.  
Adams and Charles W. Reeder, under  
the firm name of Nolan, Adams &  
Reeder, with offices at 211-213 Jack-  
son building, Janesville, and 306-308  
Grandin building, Beloit.  
Thos. S. Nolan, the senior member  
of the firm, is well known throughout  
the state as a successful lawyer and  
businessman.  
Harry W. Adams is the present city  
attorney of Beloit, in which position  
he is giving excellent satisfaction. He  
graduated from the University of Wis-  
consin in 1900, and from the law  
school of that institution in 1903. In  
1901 he taught in the high school of  
Madison, this state. While in the uni-  
versity he gained considerable fam-  
e as a debater, and was one of the win-  
ning team composed of three mem-  
bers of the Hesperia society in the  
thirteenth annual joint debate be-  
tween the Hesperia and Athens so-  
cieties. In 1902 he won the first prize  
in law of the city of Beloit, forming  
a co-partnership with C. D. Rosen,  
afterwards elected municipal judge.  
Since Judge Rosen went on the bench,  
Mr. Adams has continued the practice  
of law alone, with excellent success.  
He is industrious, exceedingly popu-  
lar, and is conceded to be a good law-  
yer.  
Charles W. Reeder is a graduate of  
the Janesville high school, and was  
admitted to the bar in 1900, after a  
course of legal study in the office of  
Whitcomb & Matheson. He was  
elected justice of the peace in April,  
1901, and has continued in the office  
until his resignation, which has just  
been filed. His able administration  
of the duties of the office has won him  
much praise from lawyers and citi-  
zens. He is capable and industrious,  
and will make a valuable member of  
the firm.  
There is little doubt that the new  
firm will be a success, as its members  
are not only popular, but men in  
whom the public have confidence.

SEER SAYS SPIRITS  
GUIDE ROOSEVELT  
White-water Woman Makes Declara-  
tion That the President Confers  
With a Medium—Lincoln Did Too.

"A message from the spirit land at-  
tracted President Roosevelt when he  
suggested a call for the international  
peace conference at The Hague," is  
the assertion made by Mrs. Cora L.  
V. Richmond of White-water, Wis., at  
the convention of the National Spir-  
itualists association, being held in  
Washington, D. C.  
"No, I cannot furnish conclusive  
proof that a message was received by  
the President from the spirit land,"  
she added. But it is my opinion that  
a medium spoke to him, as mediums  
have spoken to other presidents and  
rulers. Mediums have played a promi-  
nent part in all national and interna-  
tional affairs.  
"Abraham Lincoln consulted a medi-  
um before the war between the  
states. He knew he would be assassi-  
nated. He also knew what effect  
his death would have upon the coun-  
try. The czar of Russia daily con-  
sults a medium."

son, a student at the Eureka College  
Theological Seminary at Eureka, Ill.,  
Friday afternoon shot and seriously  
wounded John Walsh, a classmate,

a recitation.  
Wilson fired a revolver point blank  
at his victim, and the bullet lodged  
in Walsh's neck near the jugular vein.  
Thursday afternoon Wilson chal-  
lenged Walsh to a fight, which was  
rejected, and Wilson purchased a re-  
volver and practiced target shooting  
on the college campus just prior to  
the convening of the class. Walsh's

INTERESTING STATISTICS.  
Statistics gathered by medical au-  
thorities show that much more money  
is required to resist the cold of  
winter than the heat of summer. Heat  
furnishes life but cold destroys it.  
Careful attention should be given to  
the selection of foods during both sea-  
sons. By purchasing BLENDED  
FLOUR you will obtain a flour that  
makes the best breads every month  
in the year. Bread made from this  
popular brand will furnish more nour-  
ishment than any other food.

Tax Luxuries.  
Luxury, of the excess of that which  
is pernicious only by excess, may very  
properly be taxed, that such excess,  
though not strictly unlawful, may be  
made more difficult. But the use of  
those things which are simply hurt-  
ful, harmful in their own nature, and  
in every degree, is to be prohibited.—

THE MICROSCOPE.  
Proves That Parasites Cause Hair  
Loss.

Nine-tenths of the diseases of the  
scalp and hair are caused by parasitic  
germs. The importance of this dis-  
covery by Professor Unna, of the  
Charité Hospital, Hamburg, Germany,  
cannot be overestimated. It explains  
why ordinary hair preparations, even  
of the most expensive character, fail  
to cure dandruff, because they do  
not, and they can not, kill the dandruff  
germ. The only hair preparation in  
the world that positively destroys the  
dandruff parasites that burrow up the  
scalp into scales called scurf or dandruff,  
is Newbro's Herpicide. In ad-  
dition to its destroying the dandruff  
germ Herpicide is also a delightful  
hair dressing. Sold by leading drug-  
gists. Send 10c in stamps for sample  
to The Herpicide Co., Detroit, Mich.  
Two sizes, 50 cents and \$1.00.

DON'T EXPERIMENT.  
You Will Make No Mistake if You  
Follow This Janesville Citiz-  
en's Advice.

Never neglect your kidneys.  
If you have pain in the back, ur-  
inary disorders, dizziness and nervous-  
ness, it's time to act and not time to  
experiment. These are all symptoms  
of kidney trouble, and you should seek  
a remedy which is known to cure the  
kidneys.

Doan's Kidney Pills is the remedy  
to use. No need to experiment. It  
has cured many stubborn cases in  
Janesville. Follow the advice of a  
Janesville citizen and be cured your-  
self.

Mrs. Joseph Gowor of 6 Park Ave.,  
Janesville, Wis., says:  
"A dull aching and pain in the loins  
often extended around to my sides  
and there seemed to be no relief  
from the misery it brought me. Some-  
times I was actually unfit for work.  
I used liniments and hot applications  
and tried various remedies but all the  
time I was growing worse. Finally  
I saw Doan's Kidney Pills recom-  
mended in our papers and procured a  
box at the People's Drug Co. They gave  
me relief almost instantly and in  
a few days after taking the first  
dose the backache and misery left  
me. I gained strength and since then  
have had no return of the trouble."  
For sale by all dealers. Price 50  
cents. Foster-Milburn Co., Buffalo,  
New York, sole agents for the Unit-  
ed States.

take no other.

Manager of Detroit Pennant Winners Tells Story of Race.

## DONOVAN AND TYRUS COBB.

How the Able Pitcher Rounded Into Form and Won Pennant for the Tigers—Describes Up to Date Play of the Team Used.

By HUGHIE JENNINGS, Manager Detroit Americans.

The minute I took charge of the Tigers I knew that they had the ability for pennant winners, and I set myself to work to get them working in harmony. I found that several of the players had personal differences which kept them from speaking to each other. I knew that would never do in a ball club, but I made no efforts whatever to patch up these differences or take sides. I tried the longer route and succeeded. I filled their minds with the idea of winning the championship and soon had every man on the club playing at top speed.

In their fight around the circuit they soon became so interested in their efforts that the personal differences gradually faded away. I understood there are two players on my club now who do not speak to each other, but either of them would go out and fight for the other. I know nothing about the cause of these differences, and I do not want to know. I do not need to know. It is none of my business. All I want is for every player to give his best efforts to the club, and that is what they have done.

I can't say that we have used any plays altogether original in winning the pennant, but we have certainly worked some of them more successfully than our opponents. For instance, we have a play worked by Cobb and other fast men in base running that has gained us many runs.

This play can only be worked when runners are on first and second. The opposing pitcher will invariably keep throwing to first to "freeze" the runner as close to the bag as possible so as to prevent a sacrifice or a double steal. The runner on second takes a big lead, and the moment the pitcher starts to throw to first he dashes to

third, and seven times out of ten he will slide in safely before the first baseman can relay the ball across the diamond. If there is only one batter out, then a long fly will score the runner. It also opens up an opportunity for the double steal, allowing the man on third to score while they are trying to run down the other runner between first and second.

Another play which has attracted some attention is the catching of a runner off second when there is no body out. This play possibly saved us from defeat in the seventeen inning game at Philadelphia. It is usually successful on account of its daring. As you know, when a runner is on second with nobody out it is considered good baseball for the batter to sacrifice so that he can reach third. Then a long fly or maybe a hard grounder will score him. But we have a scheme to stop it. The runner naturally takes a big lead so as to start with the ball. If the batter misuses the ball the first time our catcher whips the ball to second like a shot and the runner is tagged before he can get back to the bag. We caught Hartel that way in Philadelphia and possibly saved the game.

Our success has been due largely to our pitchers, and we must give credit to Donovan for performing the most wonderful pitching feat of modern baseball. Starting in on the 1st of July, he led the league and lost but four games all season.

When I first went to Detroit I saw that Donovan was in bad shape. I worked him out in the spring, and still his arm failed to lumber up. When the season started I was somewhat disappointed, as I expected him to be one of my mainstays. I sat him on the bench and kept him there for nearly three months. He got very much discouraged and had begun to think he was all in. Finally one day I saw him warming up and I knew that he had "something." I surprised him very much by telling him to go in and pitch. He did and won his game. He was the happiest ball player I ever saw.

Cobb is another player who has developed wonderfully. In some respects I think him the greatest player I ever saw.

## BURNS-MOIR, BOUT.

Plans For International Heavyweight Championship Fight in London.

Tommy Burns, the heavyweight champion fighter, has completed his arrangements, he says, to fight Gummer Moir, the British champion. Tommy will meet him in London, according to his present plans.

That Burns looks upon Moir as easy money is shown by the fact that he is already making theatrical and other dates to be filled after his return from Europe.

Burns says he will fight Jack Johnson when he returns to America.

Burns and Gummer Moir, the champion of Great Britain, have been

TOMMY BURNS, AMERICAN CHAMPION.

matched for a fight in which they believe the championship of the world will be determined. They will divide a purse of about \$5,500. The men will go twenty rounds, and the winner will take about \$4,000 of the purse, while the loser will get about \$1,500. Burns said that he wanted to spend at least four weeks in England before the fight so that he might become acclimated. He is already in good condition, but he will complete his training on English soil.

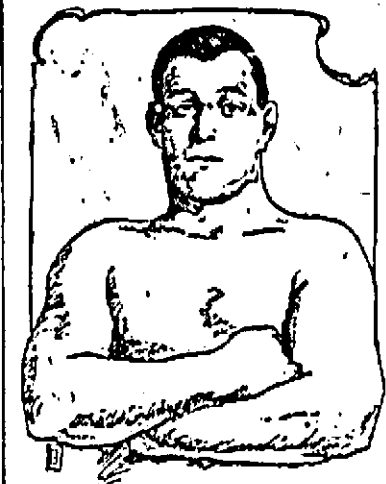

Burns had the promise of \$500 before leaving California and \$500 more for training expenses when he reaches England.

Moir, it is understood, will go into training at once. He has never been out of condition, because he has been at work with George Hackenschmidt in wrestling exhibitions and has recently been giving sparring exhibitions in the London concert halls. He will not require much work to prepare himself for the contest.

It has been difficult to bring Burns to terms for the match. He at first demanded a guarantee of \$5,000. Then he made a proposition of \$4,000. But Peggy Nettleson, manager of the National Sporting Club, firmly refused to make any guarantee at all. He made a proposition for the division of the purse for the winner and loser, which has finally been accepted by Burns.

This will be the first international heavyweight championship battle abroad in which an American has figured since Mitchell and Sullivan fought a draw in France. The Englishmen are sweet on Moir and will make him the favorite. Moir weighs more than 200 pounds, but is short in stature.

Unless Mayor Russo changes his mind there will be no boxing in Chicago this winter. The mayor refused to allow any boxing bouts to be held at the benefit for George Miller, the retired referee, in Chicago recently, and the followers of pugilism in the Windy City seem to think that there will be nothing doing in the fight line on that account. The sporting men of Chicago claim that Mayor Russo has broken his promise to them before he was elected. Ben Selig announced recently that Joe Gans had told him to open negotiations with George Ketchell at once for a go for the welterweight title. Manager O'Connor, representing Ketchell, is willing for the bout, but doubts if his man can make 112 pounds, the weight asked by Gans. Jimmy Coffroth instantly bid for the fight and said that Ketchell could have a return match with Thomas first.

## WISCONSIN FOOTBALL.

University Well Supplied With Coaches For Campaign.

Dr. C. F. Hutchins, football coach at the University of Wisconsin, said recently that he has made arrangements whereby he will have the assistance of three crack football alumni this season. These are Dr. Charles McCarthy, special lecturer in the university and former star back on the Brown university team; Attorney Arno C. Lerum, assistant secretary of the Wisconsin state board of control and former guard on the Badger team; and Attorney Earl S. Driver, secretary to the adjutant general of the state militia and former fullback on the Badger eleven.

## GOV. HUGHES NOT SEEKING OFFICE.

STATES HIS ATTITUDE IN TALK AT CLUB IN NEW YORK.

## ISN'T AFTER DELEGATES

Empire State Executive Reviews His Administration and Alludes to the Presidential Nomination.

New York, Oct. 19.—Gov. Hughes Friday night made a declaration of his attitude toward the presidential nomination, when, in the course of an address at a dinner given in his honor by the Republican club, he said:

"I do seek public office. I have not sought, nor shall I seek, directly or indirectly, to influence the selection or the vote of any delegate to any convention, and with reference to the election of any delegate to any convention there will be no suggestion or thought of influence, protest or reprisal in the executive chamber."

## Doesn't Seek Public Office.

Gov. Hughes reminded his audience that it was in an address under the auspices of the Republican club after his election that he set forth the principles which would govern his administration.

He then sketched the progress that had been made toward the solution of various state problems, expressed his appreciation of the support given him by the legislature, and then made the declaration of his own position toward his political future.

He said: "To avoid any possibility of misapprehension regarding my own course, I may say this further word: I do not seek any public office. The majority of the people doubtless think that the distinction and power of office are an irresistible attraction. If you had been constantly in my company during the past nine months you would see that another point of view is quite possible. To me public office means a burden of responsibility—a burden of incessant toil at times almost intolerable—which under honorable conditions and at the command of the people it may be a duty and even a pleasure to assume, but is far from being an object of ambition."

## Alludes to the Fusion.

In allusion to his attitude toward the New York county political situation, where the Republican organization has effected a fusion with the independence league, or Hearst party, on the county ticket, he said:

"I may say that I have steadfastly refrained from becoming associated in any manner with factional controversies. I have no connection with or interest in the ambitions or efforts of rivals for political preeminence or political leadership in any locality or in the state at large. I desire to see party activities conducted honorably, the freest expression of popular choice, and to have party organization represent the untrammelled wish of the members of the party without any interference on the part of the executive. To this end I have favored the adoption of a plan for direct nominations and have favored a permissive bill so that the plan could have a fair trial in the communities where it has the support of public sentiment."

## OCEAN LINERS IN COLLISION.

Tartar and Chamer Crash Together at Mouth of Fraser River.

Vancouver, B. C., Oct. 19.—In a dense fog the Canadian Pacific steamship Tartar, from Vancouver for Hong Kong, collided with the Canadian Pacific steamship Chamer, from Victoria for Vancouver. The collision occurred at six o'clock off the Sandheads light, at the mouth of Fraser river, but on account of the fog the steamers could not get into Vancouver with the news of the accident, until noon Friday.

The Chamer struck the Tartar squarely on the port bow, cutting through the Tartar's plates and crumpling the Chamer's bows. Both vessels began to fill, but the compartment bulkheads kept them from sinking. The ships started back to Vancouver, after the Chamer's passengers had been transferred to the Tartar. Both vessels are seriously damaged.

## TELLS OF STANDARD LOANS.

WILLIAM G. ROCKEFELLER TESTIFIES IN NEW YORK.

Says Company Lends Its Surplus Funds in Wall Street—Hearing Adjourned to Dec. 2.

New York, Oct. 19.—William G. Rockefeller, assistant treasurer of the Standard Oil company of New Jersey, testified Friday, in the government's suit for the dissolution of the oil combine, that the Standard was a heavy lender of its surplus funds in Wall street, for which it obtained the prevailing rates of interest. Mr. Rockefeller made this declaration when asked to account for the loans of \$32,000,000 made by the Standard Oil company of New York, in 1905, to "interests other than the Standard."

Concerning the \$20,000,000 loans to P. S. Trainor by the Southern Pipe Line company, Mr. Rockefeller said he had no knowledge.

Anthony N. Brady, who has interests in traction and gas companies in New York and Chicago, was recalled to the witness stand to give further information regarding the sale of the Manhattan Oil company of Ohio. Mr. Brady said the Peoples Gas, Light & Coke company of Chicago had sold the Manhattan Oil company to the General Industrial Development company, of London, for \$115,333 and a contract with the Standard to supply the Peoples Gas Light company for ten years.

The London company assumed \$500,000 eight per cent. bonds of the Manhattan company. Mr. Brady said it had been previously developed that the Peoples Gas Light company had paid \$1,550,000 and assumed the \$500,000 bonds for the Manhattan.

"Then as a matter of fact the Peoples Gas Light company sold the Manhattan for \$615,333 and a contract for which they gave assets valued at \$1,500,000. What did the Standard get for that contract?"

"Yes, that is so," replied Mr. Brady. "But I don't know what the London company paid to the Standard for the contract which the Peoples Gas Light company received."

Former Judge Perrier, the special master, announced that the hearing would be adjourned until December 2.
